

Home Health PDGM Series - No. 1 - June 2019

This report series explores the data elements that drive payment under the Medicare Patient Driven Groupings Model (PDGM). All data was compiled using the Centers for Medicare & Medicaid Services (CMS) home health claims-OASIS limited data set, which includes claims and OASIS data from 2017.

- Community** admission source applies to all 30-day PDGM periods that do not qualify as institutional.
- Institutional** admission source applies to all 30-day PDGM periods when an acute or post-acute inpatient discharge occurs in the 14 days prior to the start of the period.
- Early** timing applies only to start of care 30-day PDGM periods.
- Late** timing applies to all non-start of care 30-day PDGM periods.
